Enthusiastic and self-taught Frontend Developer, with a strong foundation in HTML, CSS, JavaScript, and TypeScript. Proficient in Node.js and Express.js for backend development. Skilled in Sass for efficient stylesheet management. Experienced in using ESLint for code quality assurance and JSDoc for fully typing JavaScript. Began the journey into web development as a hobby and recently transitioned to pursuing it professionally. Capable of creating visually appealing and fully responsive websites. Proven ability to learn quickly and adapt to new technologies. Fluent in Arabic and proficient in English.

Technical Skills:

- Languages: HTML, CSS, JavaScript, TypeScript
- Frameworks: React
- Backend: Node.js, Express.js
- Stylesheet: Sass
- Tools: Visual Studio Code, Git
- Linting: ESLint

- Documentation: JSDoc
- Build Tools: Rollup.js
- Responsive Design: Flexbox, CSS Grid, Media Queries
- Package Managers: npm

Self-Taught Journey:

- Learning Approach: Started learning frontend development as a hobby and recently transitioned to pursuing it professionally.
- Upcoming Mastery: Planning to master React and explore technologies like Tailwind.
- Online Courses: Completed courses on platforms like Udemy.
- Projects: Developed various personal projects independently to apply and solidify knowledge.

Language Proficiency:

- Arabic: Fluent (written and spoken)
- English: Proficient (written and spoken)
